

QLASSIC AWARENESS COURSE (Public & In-house Training)

INTRODUCTION

The course provides an understanding and application of QLASSIC quality standards on building projects. The QLASSIC CIS 7:2014 standard is a quality benchmark tool to measure workmanship quality of construction works for building projects. The course is part of QLASSIC Assessor Accreditation Scheme.

The training includes illustrations, examples and sharing of best practices in construction to enhance understanding and application of QLASSIC on building projects.

OBJECTIVES

- Learn how implement QLASSIC quality standards on my project
- Learn how to achieve high QLASSIC score for my project

CONTENTS

- ✓ Introduction to QLASSIC
- ✓ QLASSIC assessment scope, methods and tools
- ✓ Assessment for architectural, structural, mechanical, electrical and external works
- ✓ Illustrations, examples and demo on QLASSIC assessments
- ✓ Improving quality and achieve high QLASSIC score
- ✓ Action-based learning with practice sessions
- ✓ Sharing, discussions and Q & A

TRAINER

Dato' Ir. K. Laxana Naidu, Principal Consultant of Sysnovate with 21 years of experience in providing consultancy and training in QESH management. A qualified QLASSIC trainer. He is the Chairman of the Technical Committee for revision and publication of QLASSIC CIS7:2014 document. He is a member of MBAM. He has trained more than 3000 participants in the construction industry on various training courses.
